

AGILE

Today's workplace must accommodate different work styles and office habits- from strictly focused, task-oriented to more informal gatherings. **AGILE** is a chair which is both flexible and responsive, supports the range of postures and work styles typical of today's workplace -taking comfort to a new level. Its unique flexi back facilitates changes in posture and position throughout the day, allows the user to sit in any position.

The **elastomer back** has specific tension, pattern and unique properties which ensures optimal localized support for shoulders and lumbar region. Responding to the range of movement of the user, the flexi back provides a comfortable support for both formal and informal postures .

Adjustable T-arms provide support for forearms as well as aids in free leg movement. The **PU on the armrest top** provides a soft-touch feel to the user's arms.

The **thick cushioning and waterfall seat edge** offer a perfect fit for all postures.
