AGILE Selling Guide

Flexible . Responsive. Lively

Today's workplace must accommodate different work styles and office habits- from strictly focused, task –oriented to more informal gatherings . AGILE is a chair which is both flexible and responsive ,supports the range of postures and work styles typical of today's workplace -taking comfort to a new level. Its unique flexi back facilitates changes in posture and position throughout the day, allows the user to sit in any position .

- The **elastomer back** has specific tension, pattern and unique properties which ensures optimal localized support for shoulders and lumbar region. Responding to the range of movement of the user, the flexi back provides a comfortable support for both formal and informal postures .
- The **thick cushioning and waterfall seat edge** offer a perfect fit for all postures.
- Its **synchronous mechanism** encourages healthy body movement. Tilt lock secures the chair in an upright position for constant back support for task based work.
- **Adjustable T-arms** provide support for forearms as well as aids in free leg movement. The **PU on the armrest top** provides a soft-touch feel to the user's arms.
- **Glass Filled Nylon pedestal** provides strength & durability.
- **Nylon castors** for smooth rolling on both hard or soft surface floor.

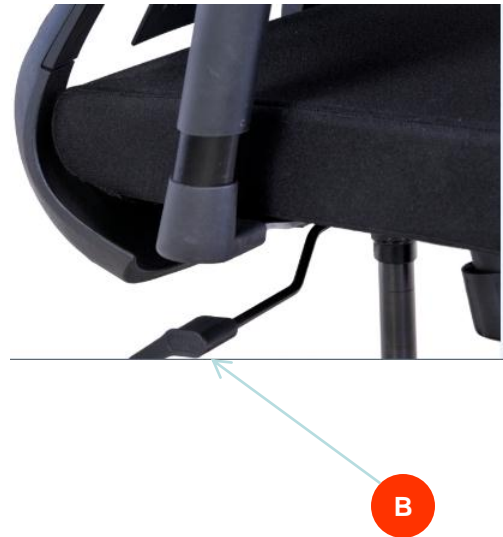

AGILE Selling Guide

A. Back Tilt Tension Adjustment
