**Air -3 seater with 2 arms**

# AIR

*Statement of line*

**Air -3 seater with 4 arms**

# AIR

Wide seats and an open seat-to-back angle **keep the user comfortable for a long time**

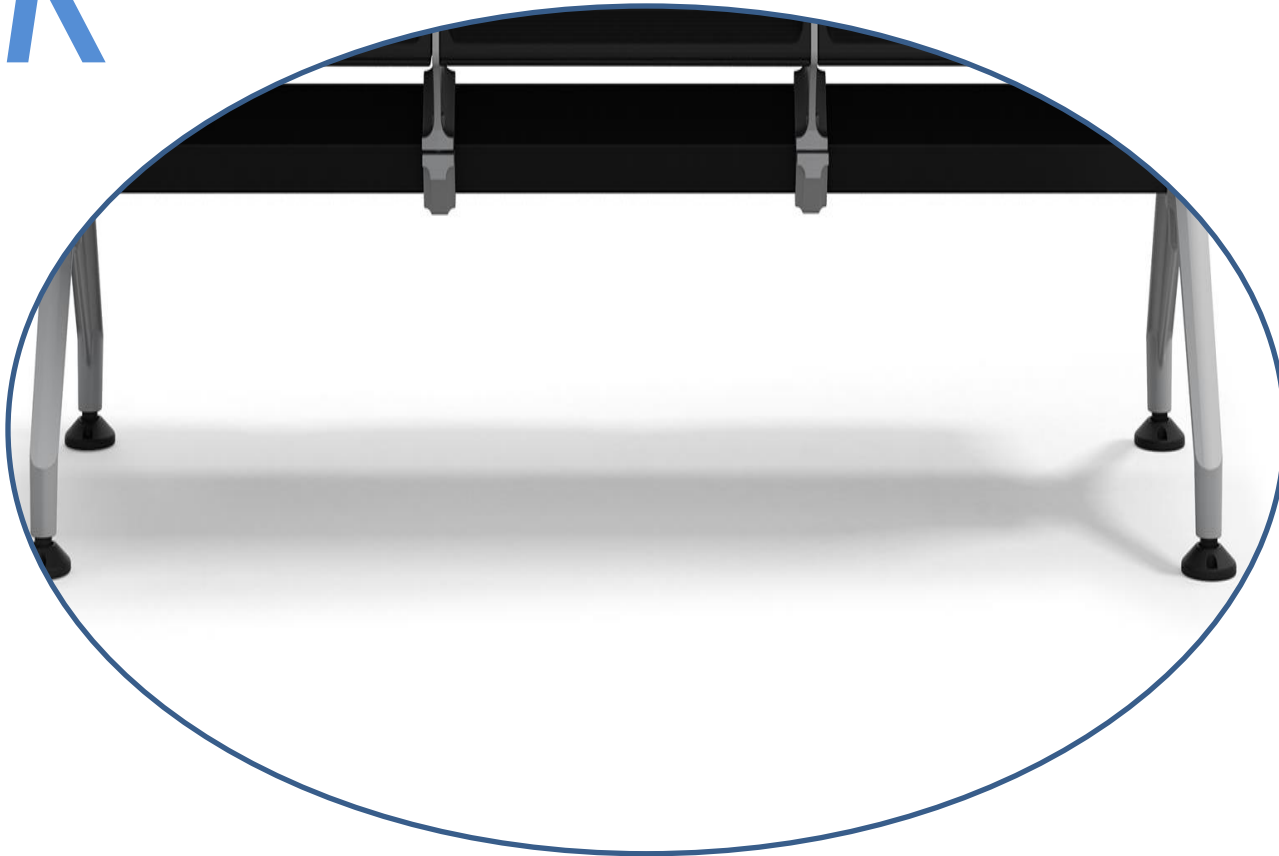

The contoured seat and back with high density self-skin PU foam **offers good support for long hours of seating.**

Absence of conventional metal seats **eliminates the feeling of cold shocks.**

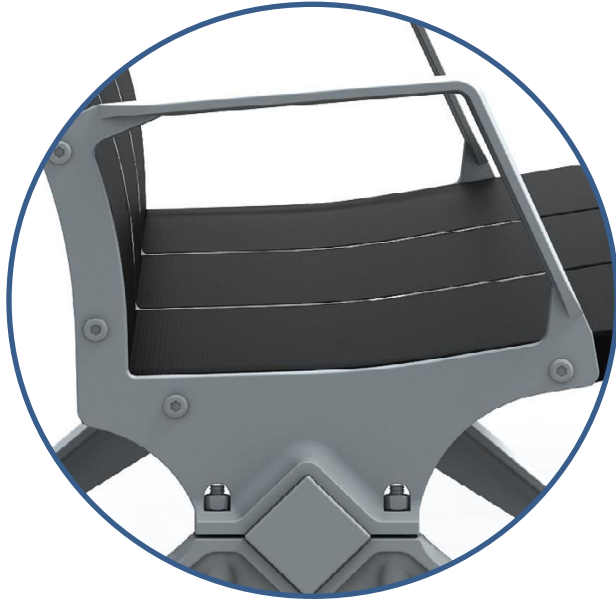

There is **no cushion and fabric** that can be tampered with.

# AIR

The support beam design leaves plenty of room underneath **for the carry-on luggage.**

# AIR

Stringent tests applied to test its **strength and durability**. In real life, AIR has proven its durability under the most grueling conditions and proves **suitable to use in airport lounges perfectly throughout the year**.

Legs are fitted with soft grip PVC **level adjusting shoes** which makes it **suitable for uneven surfaces as well**.

# AIR

Designed to **maximize space utility**
