Finnessse Circular

Dear All,

There have been slight modifications in the Finnessse Table :-

1. The Depth of the ERU's has been changed from 520mm to 450mm.
2. The HDU Depth has been changed from 520mm to 425mm.
3. The Main desk modesty height has been modified to 545mm.

IMP: The height of the ERU modesty has not changed because it is attached to the main table with a Z bracket which in turn is attached to the modesty. So if the modesty (ERU) is reduced the Z bracket will not be able to take the weight, hence the Modesty height of the ERU has not been reduced.

Kindly note, the materials used, colours and prices are still the same.

Images, Specs and Line Drawings of the new table are attached.

All orders booked on and before 6th August, 2012 will be as per the current/old specs, and hence all orders after 7th August, 2012 will be as per the new specs and Codes.

Pls. find below the New item codes for the same.

ITEM CODE	ITEM DESCRIPTION	CPL	WPL
