

FLORA

Selling Guide

FLORA Chair Range

Attractive. Supportive

Not a mere working tool, the Flora chair promises the pleasure of perfect sitting comfort. It is visually and ergonomically exceptional. It combines minimum technical elements with important individual settings and ergonomics. The Flora series essentially re defines style and brings an elegant touch to your office décor. Those who discovers Flora will discover another dimension of seating, concentration and relaxation.

Ergonomic Design

- Sized to seat up to 95th percentile of Indian population

Option of Cushion & Mesh Back

- Flora chair back is available in fabric version or self-supporting mesh.
- The fully-upholstered backrest has a novel element of dual tone upholstery in combination of fabric and synthetic leather.
- The mesh back is upholstered with a net fabric comprising high tenacity yarn with black synthetic leather on periphery.

Comfort Synchronized recline

- Centre Synchronous tilting for better comfort while working.
- With tilt tension adjustment knob in the front, tilting can be easily adjusted by both heavy and light users alike.
- The movement of the back can be fixed at upright angle while performing any task. It gives continuous support to your back and helps in avoiding back pain while working.
- Seat height adjustment to adapt the seat height to different body sizes.

- Easy accessible and user friendly adjustment controls including tension knob and seat height adjustment lever allows you to customize your chair perfectly for instant comfort.

Height Adjustable Arms

- Arm rests reduces strain on shoulders when sitting for longer time. Its height adjustability allow for optimum position to adjust as per individual body size.
- Posture-friendly armrests move up and down and stay with you during recline.
- Fixed Arms of Visitor are made up of GF nylon and fixed to the chair's M.S. tubular frame

Height Adjustable Neck Rest

(For Cushion Back Model Only)

- Adjustable height neck rests are necessary for properly supported neck posture. Flora has option of neck rest which can be adjusted, Up - Down , in 3 steps for proper neck support..

Visitor Seating

Designed to complement the features and styling of the Flora office chair, the visitor chair offers beauty, performance and unprecedented comfort in its class. It is available in mesh back only.
