

Merit Circular

Dear All,

Merit has been a successful and well accepted SDCB in the Educational Segment.

We did however receive certain Feedback in the past about the stability of Merit on uneven grounds.

This issue has been corrected by adding a bush/glide screw (Light grey colour) that gets fixed to the rear back legs of the table, to ensure stability.

The Codes and Prices are attached.

Find below a picture depicting the same.

All current pending orders as per the list mentioned below have already been changed as per the new implementation.

Wrh	RPL Or	Pos	Item Code	Description	Pend Qty	Age	S t	Changed orders to new codes.
