

NRG *Plus*

Selling Guide

NRG Plus

The overall form of the product is inspired from a free-flowing wave that flows through the chair. This form breaks the monotony of rigid form that the chair encompasses, thus making everyone take notice. It's tapered back profile & free flowing form with generously cushioned seat gives it a character of comfort and sturdiness.

Synchronized recline

- Active Bio Synchronous Mechanism with automatic back-tilt tension adjustment (based on user body weight)
- 5 position tilt limiter -- support work posture

Tapered back profile

- Facilitates free upper arm movement while giving wide lower back support.

Upholstery

- Black leatherette for luxurious touch and feel.
- Foam laminated fabric for enhanced comfort.

Lumbar Support

- Visco-elastic Lumbar Support, (Combination of Slow Recovery & High Resilience PU foam) for increased comfort

Adjustable Arms

- Height adjustable arms for personalized arm support (for leatherette version)
- Height adjustable arms +3 way adjustable arm top for proper arm support while performing task (for fabric version)

Pedestal

- Aluminium die-cast in leatherette version
- Nylon pedestal in Fabric version
