Why Nano Perch?

PROBLEM SITUATIONS

- Dealing with **SPACE LIMITATIONS** when purchasing furniture can seem like a daunting task.
- This is especially true when you need adequate sitting space for **GUESTS / VISITORS**.
- An oversize piece of furniture results in a **CRAMMED LOOK** and makes office area look **TINY** and working becomes **AWKWARD**.
- Need to balance **SEATING COMFORT** and **SPACE FIT / EASE OF MOVEMENT**.

ADVANTAGE of NANO PERCH

- **COMPACT** yet comfortable public seating
- Uses **27% LESS FOOTPRINT** than the standard Perch seating – efficient use of space.
- **AESTHETIC DESIGN** adds a touch of class to waiting area.
- **DURABLE** materials and sturdy design leading to **LONG LIFE** – prudent investment.

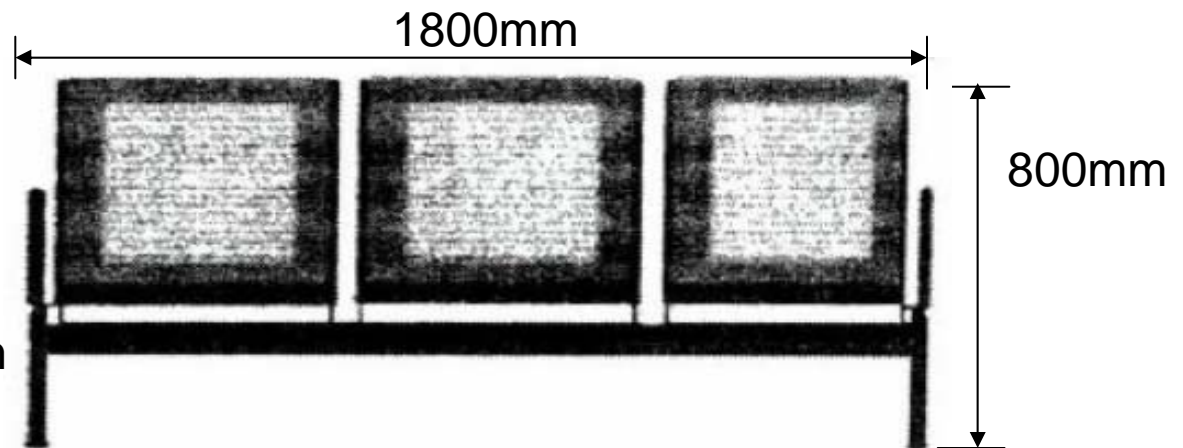

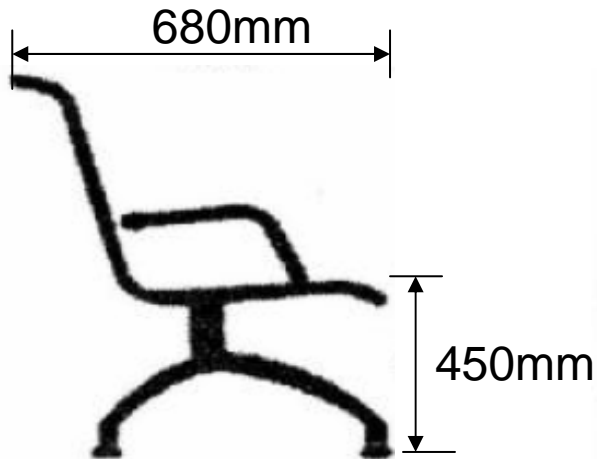

Nano Perch – Specs and Material

- Epoxy powder coated Seat and back shell made up of high quality steel makes it strong and durable.
- Leg and Armrests are made of cold rolled steel and are chrome plated for long life. Chrome element in arms adds beauty to the aesthetics. Armrests and legs are anti rust and anti scratch.
- Cross beam is structural M.S. powder coated
