

Talk Walnut Colour changed

Dear All,

This is to inform you that the Walnut colour that was offered in Talk membrane finish has been changed, due to unavailability with the supplier.

Since this is a fast moving colour and many of our customers need it, we will be offering the talk table in the walnut (membrane finish) offered in Time-Out Table.

i.e: The Time-out walnut colour and Talk walnut colour (membrane finish) will be the same.

There is no change in the price.

The above change is with immediate effect. All pending orders of Walnut membrane will be executed with the new Walnut membrane shade.

The new baan codes & the Scan of the colour swatch is attached for your reference.

Pl communicate this change to your entire team, Channel Partners and relevant customers.

Thanks & regards

Jasmin.
