N TIME-OUT TABLE

Dear All,

Time-out has been a well-accepted table in the market but there was feedback regarding the toppling of the user due to its legs.

The pictures below show how the problem has been rectified by increasing the size of the top without any change in the understructure and the table will still remain stackable.

Also, we have also increased the size of the engraved design on the table.

The new item codes and prices are attached in the excel sheet.

We have stock of the previous table, so incase there is an urgent requirement for the old table, kindly get in-touch with OEC and liquidate them.

Happy Selling!
