

Dear Partners,

In keeping with the process of continuous development, improvement and feedback received from the field following correctives have been carried out.

- Seat height correction carried out for Monarch High Back & Monarch Mid Back in order to maintain ergonomic seat height.
- Correctives have been taken in specifications of VIA chairs. There was an error in mentioning dimension of total height of chair.

We are attaching details of changes carried out for your ready reference. You may get in touch with our branch for Revised specifications or put a query through DRDS along with details of your inquiry

We request you to upgrade your submissions of specifications in ongoing tenders and projects wherever necessary, to avoid any acceptance issues at a later date.

There are no other changes like price and codes of the product.

The circulars for ACE, EARL and MONARCH will be uploaded on DRDS.

Regards,  
B2B Product Marketing Team
