K B2B SCINTILLA AUG 14

TRANSFORMING LONG HOURS OF TRAINING WITH **COMFORTABLE SEATING**

SCINTILLA

TRANSFORM YOUR LIFE

Godrej interio®

In today's world the way we learn, exchange and interact with information has changed dramatically. The learning environment has transformed from just teaching to interactions and discussions with the use of technology such as laptops, tablets and other small computing devices. These rooms need to be flexible in order to be multi-functional.

This is where Scintilla comes in. Scintilla is a chair with a unique design that is not just comfortable but also easy to arrange in the space you desire. Ergonomically designed, these chairs also address the physical well-being of the user. Its flexible nature allows easy transitions between room configurations, making it a multi-purpose learning space. With Scintilla, learning is always a pleasure.

A FLEXIBLE OPTION **FOR COMFORT AND CONVENIENCE**

Scintilla chairs help in transforming the classroom from a lecture-based mode to a team-based mode. Its features provide for a comfortable environment for the students to be attentive and interactive. Lectures that require long seating hours are no longer uncomfortable because Scintilla is specially designed to give you a comfortable learning experience.

MODELLED FOR COMFORT

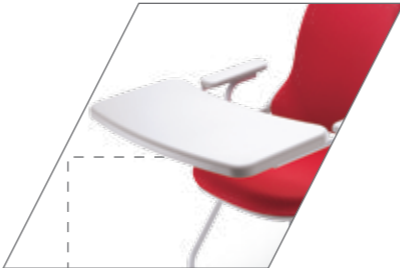

Mother's Hug

Derived from the 'Mother's Hug', the body hugging contours comfortably supports your back.

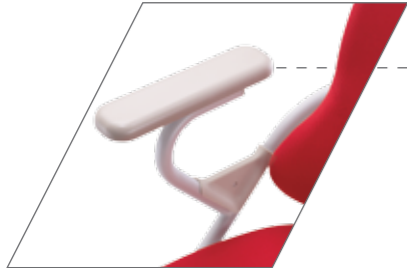

Unique Back-tilt

A unique back-tilt feature allows an upright as well as relaxed angle, thus reducing pressure on the inter-vertebral discs during long training sessions.

Large Curved Flip-up Desklet

The scratch resistant large flip-up desklet with bean shaped inner curve makes the chair comfortable for different body types and supports analogue and digital resources.

Broad Armrest

Scratch resistant broad armrest ensures proper comfort to arms during long sitting hours.

Brake Castors

Brake castors in the desklet version ensures firm grip on floor while one is seated and facilitates various room layouts when unoccupied, with its mobility.

Horizontal Stackability

Tip-up seat ensures horizontal stackability thereby releasing used space for other purposes.
