

DESIGNED TO **INSPIRE**

EUROPEAN DESIGN. INDIAN SENSIBILITIES. A CHAIR FOR TOMORROW.

DESIGNERS SPEAK

For a designer, designing an office chair is both, highly exciting and challenging. It is a product where function, technology and ergonomics meet to deliver a superior seating experience and enhance the image. I have used my insights of new age materials, design culture rooted in Europe and built this chair on Godrej Interio's legacy of outstanding ergonomics. The outcome is ACE – the chair for the workspaces of tomorrow.

- Antoine Phelouzat
Designer
Paris, France

Our endeavour was to provide a seating solution with the best of both worlds – European styling combined with Indian anthropometric standards and sensibilities.

- Nirav Shah
Designer
Godrej Interio, India

MOVE WITH THE
TIMES

Just like the human body, 'ACE' allows free body movement in grace and style. With its ACTIVE BIO-SYNCHRO™ mechanism, BIO-FLEX™ lumbar support and European styling with new age materials, it strikes a perfect balance between function and ergonomic design. Truly an ACE above others.

HAPPINESS IN DETAILS

ERGONOMIC DESIGN

- Sized to seat up to 95th percentile of Indian population.

COMFORT

- ACTIVE BIO-SYNCHRO™ mechanism has an automatic back tilt tension adjustment based on user's body weight. This along with the seat 'glide' function during tilting, ensures proper lower back support and encourages healthy seating posture.
- The BIO-FLEX™ lumbar support is self adjusting to ensure uniform support to the lumbar in any tilt position.
- The saddle support PU top adjustable armrests provide soft contours at all the touch points.
- The seat has a contoured foam to provide higher contact area and increased seating comfort.
- The seat depth adjustment feature enables comfortable seating even while performing multi role tasks.

NEW AGE RECYCLABLE MATERIALS

- ACE is primarily built with engineered plastic and aluminium which is fully recyclable.
- Structural mesh on the back allows ventilation, prevents hot spots and gives modern look.
- ACE does not contain any wood or wood based material, hence, eco friendly.

DETAILED WITH CARE

The elemental aspects that come together to make up this ergonomically superior chair.

BIO-FLEX™ LUMBAR SUPPORT

Made from engineered plastic, is flexible yet strong to provide constant support to lumbar.

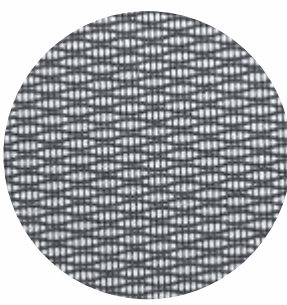

ADJUSTABLE NECK REST

Cushioned and contoured to provide adequate neck support.

STRUCTURAL MESH

Allows free movement of air, eliminates odour and gives more relaxed seating.

ACTIVE BIO-SYNCHRO™ MECHANISM

With user friendly 5 positions tilt-limiter it enhances user comfort and gives a greater sense of well being.

SADDLE SUPPORT PU TOP ADJUSTABLE ARM

Height and depth adjustment on the saddle contoured arms provide ergonomic support to forearms and elbow.

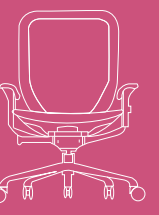

ACE

FULL-BACK WITH NECK REST

FULL-BACK

EMPOWERING YOU

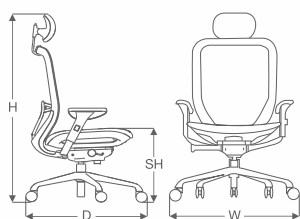

Ace is ergonomically designed with user-friendly controls for optimum support and a comfortable seating experience. While the new-age material and stylish design livens up the workplace, this coveted award reaffirms that Ace is better than the best.

Wellness@work is a Godrej Interio initiative committed to help improve the health of employees in modern workspaces. To know more, email: dr.sitright@godrej.com
