Give your audiences an  
auditorium experience to remember.

Beyond Seating. Sheer Luxury.

Auditoriums & More

### Seating for a richer viewing experience

Creating the right ambience is what makes for magical experiences. The latest series of Auditorium Chairs brought to you by Godrej Interio are designed to enhance the look, feel and comfort factor of your auditorium.

Given the extensive wear and tear and handling that these chairs go through, our auditorium seating range is distinguished by excellent aesthetics and finishes while being sturdy and stable.

## Glamour: Auditorium Chairs

Invite your audiences sit back  
and enjoy the show!

Our Glamour line of seating is the ideal for furnishing auditorium spaces for elite audiences. Its ergonomically contoured back supports the entire body promoting good posture and ensuring user comfort for hours. The large back with an ample headrest is perfect to sink into as your audiences get involved with all that's happening on-stage.

The product's contemporary aesthetics make it the preferred choice in auditoriums of Corporate and Higher Education Institutes segment.

### Glamour up-close

- **Injection Molded Seat and Back Cover** add to the contemporary styling and life of the chair.
- **Auto Tip-Up Mechanism** allows for better aisle space utilization in an auditorium; while making it easy for the user to operate.
- Choose from **two optional armrests**: PU top, soft & smooth top armrest; and PU armrest with cup holder
- The **foam laminated stretchable fire retardant fabric upholstery** is available in a choice of two colors: Azure Blue and Ruby Red.
- **Application areas**: Can be installed in all linear layout space plans.

### Designed for the revered halls

Over the last few decades, public meets and learning have become increasingly multidimensional. Multi-media resources play a critical role in communication of every kind. In most modern auditoriums associated with educational institutions, libraries, public entertainment areas such as theatres and auditoriums, the need for well-equipped spaces with comfortable, aesthetic and highly functional seating is acutely felt. The Jupiter Series from the Godrej Auditorium Seating range is designed to make sharing and imparting of information even more productive in these closed and conditioned spaces.

### The Jupiter Series

No-fuss seating for educational purposes

This series of 3 chairs: Jupiter Hi-back, Jupiter Mid-back and Jupiter with Desklet (retractable), provides you all the seating options required to add comfort and class to any area designed for group communication activities. From comfortable and visually appealing seating solutions for auditoriums to clean, elegantly and ergonomically-designed seats for training rooms, the Jupiter range has them all!

## The PLP chair

Adding comfort to learning  
and business.

Over the last few years, learning in academic and corporate circles has become serious business. Organisations everywhere are investing in well-equipped auditoriums that can provide multi-sensory inputs to audiences. Our PLP range of premium chairs is designed to look classic and provide optimum comfort to the audience, ensuring total attention on the screen.

The PLP range is recommended for the traditional-style auditoriums with state of the art facilities, libraries, corporate auditoriums, public halls, parliament rooms and other government-led public spaces.

With a sliding seat, this chair is ideal for audio/video environments in multinational organizations, large corporate offices and small auditoriums.

## Multi-purpose seating ideas

For all those spaces that need  
seating. (Well, almost!)

This range consists of 2 seating options that serve a host of seating needs. The aesthetic seating design combined with comfort and user-friendly operations make these chairs great value-for-money options. These multi-purpose chairs are ideal for auditoriums, public halls, educational institutes seeking highly functional seating on limited budgets.

This folding model fits in perfectly in areas with space constraints, giving the environment a sense of openness when not occupied.

This seat with its compact profile and back seat tilt facility is designed to meet the extended seating requirements in auditorium spaces.
