INTRODUCING EAZY

This extremely comfortable Eazy folding chair is ideal for Multipurpose use like :

• Side Chair at office

• Lounging by the pool

• Camping

• Sporting events

• Picnics

• When just lounging in your garden/terrace
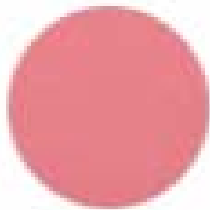

• Casual seating at home

"EAZY" TO USE

• Eazy folds to fit any where. It's light weight and convenient to carry and use just about anywhere you want to.

• The seat & back upholstery is made of high tensile coated polyester mesh fabric. The fabric is UV & fungus resistant.

• The Eazy chair's mesh fabric that covers the seat allows air flow around your body allowing your pores to breathe even while sitting for long hours

• The design makes for even weight distribution all over the area so as to impart maximum comfort.

• All in all, Eazy is something so simple and with so many benefits, that it really makes you sit up and wonder

EASE OF
