

A modern office chair with a black mesh backrest and a red and black seat is shown in profile. The chair is positioned in front of a large window with a view of a city skyline. The background is slightly blurred, emphasizing the chair. The text 'pulse' is written in a stylized font with a heartbeat line above it in the top right corner. The main text 'LONG HOURS WILL NO MORE FEEL LONG.' is positioned to the right of the chair. The bottom of the image features the slogan 'TRANSFORM YOUR LIFE' and the Godrej Interio logo.

# PULSE FROM GODREJ INTERIO.

**India's FIRST Chair with  
2 seat depths.**

**ELEGANCE : SIMPLICITY : PERFORMANCE:**  
That's what PULSE stands for.

'Pulse' gets its character from the cantilever segmental bridge. The unmistakably bow-shaped element gives the chair a unique visual identity along with amazing physical strength. As the bridge links people and places, the chair allows the users to comfortably interface with their work, be it at home or in the office.

'Pulse' is a chair that's alive to the user's body contours in various sitting postures. The chair has several built in ERGO adjustments along with a unique mesh back. The mesh aids in ventilating the back of the user and at the same time willingly adapts itself to trace the back contours of users with any size, shape & body mass index. Thus ensuring a RELAXED SEATING EXPERIENCE.

## DESIGNED FOR THE **HUMAN** BODY

Pulse has a host of ergonomic arrangements that make it ideal for long hours of sitting.

The Lumbar support pad is split into 5 butterfly shaped wings which re-adjust to the lower back of the user, ensuring the perfect fit, as the height can be adjusted and fixed in the sitting posture itself.

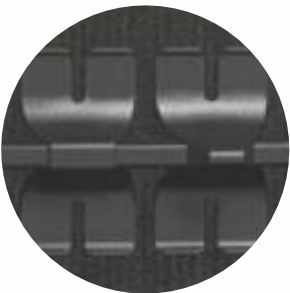

The retro-fit neck rest consists of numerous flexible segments that readily take the form of the user's neck, supporting the neck through its upholstered foam layering and versatility of height and angle.

TAKE A SEAT

ADJUSTABLE NECK REST

Height as well as tilt adjustment gives perfect support to the neck while in a reclining position.

LUMBAR PAD ADJUSTMENT

Multi Flex Active Lumbar support enhances user's comfort by allowing height adjustment appropriate to individual's lower back. The pad, covered with foam laminated fabric, is designed to be flexible which allows it to move with the user.

ARM HEIGHT ADJUSTMENT

Gives adequate elbow support while working on the desk.

TWO SEAT DEPTHS

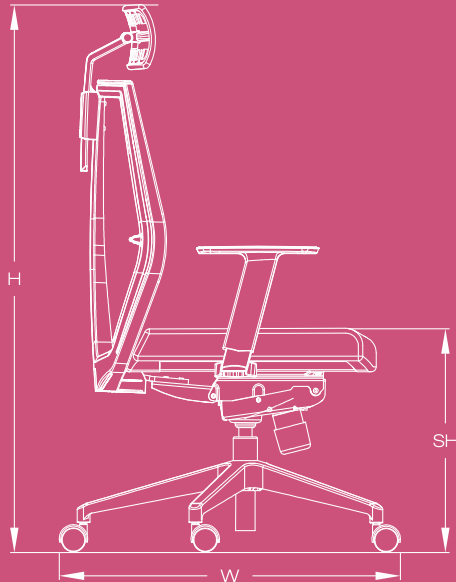

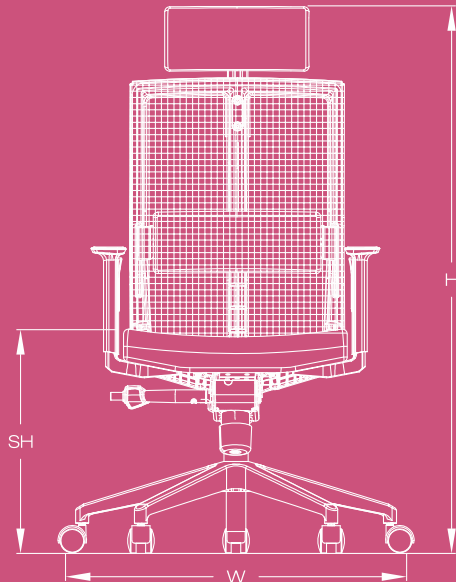

Option of two seat depths ensures adequate comfort to users of all body types.

RECLINE LOCK

Lock mechanism ensures that the chair continues to be in the locked position while reclining.

LINE DIAGRAM

MODEL	WIDTH	DEPTH	HEIGHT	SEAT HEIGHT
Pulse Full Back with Neck Rest	761	761	1140 - 1282	440 - 540
Pulse Full Back	761	761	980 - 1080	440 - 540

All sizes are in mm
