MAKE A **SMART** MOVE.

When it comes to your office furniture, it pays to make a smart choice. Sleek straight lines and contemporary design make SMART the perfect choice to enhance your office and facilitate easy communication. A sturdy and rigid blend of low height workstations and full height partitions, SMART withstands pressure with remarkable stability and performs its best at all times.

PRECISION IN DETAILS

FEATURES

- Overall thickness of partitions is a sturdy 69mm.
- Spine and fin combination optimizes floor space and provides a value proposition.
- Removable fascia allow for an easy to-change look and feel of the workspace.
- Range of tile heights can be given without disturbing the existing installation.
- Standardized tile sizes allow mixing and matching for a more personalized look.
- Various worktop profiles, worksurface edge options, tile options, sizes, colours and finishes available.
- Extensive wire management for neat under-table spaces.
- Low height modular workstations and full height partitions blend seamlessly to provide you complete solutions.
- Extended worktop and low height panels make highly interactive designs possible.
- Curved as well as flat profile trims allow you to choose as per your office interior aesthetics.
- Easy integration is possible with UNITE storage.
- Slatted tiles make for easy mounting of accessories.

SMART DETAILING

WORK SURFACE PROFILES

Ergonomic curvilinear work surface design makes for a more friendly and effective work system.

DIFFERENT FINISHES

Wide range of tile options available for better functionality.

GLASS TILE

Glass tiles in the structure add lightness and seamlessness to the entire system.

FRAME TRIM

The exposed edges of the frames have rounded aluminum trims defining the overall system aesthetics.

SLIM PENINSULAR LEG

Slim peninsular leg supports the work surface cantilevered from the panels.

CHOOSE FROM **SMART** OPTIONS.

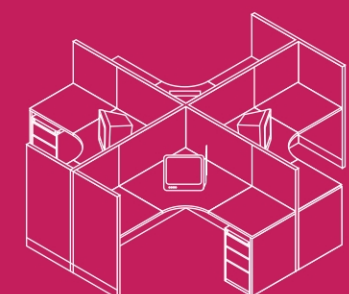

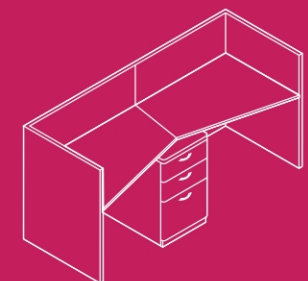

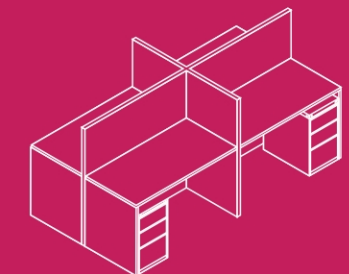

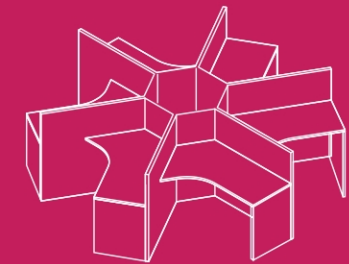

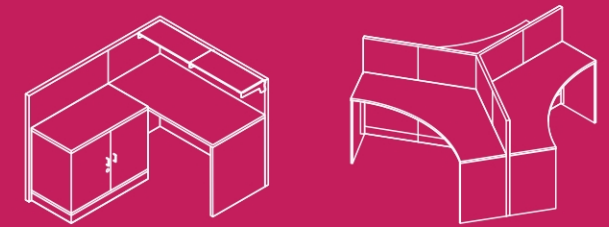

SMART comes with a variety of options that help you to configure any office layout and design requirement.

It offers a variety of module shapes such as pentagonal, rectangular, tapered etc in a range of sizes – which also come with varying partition heights, giving you the added convenience of a wide choice, all within the range.

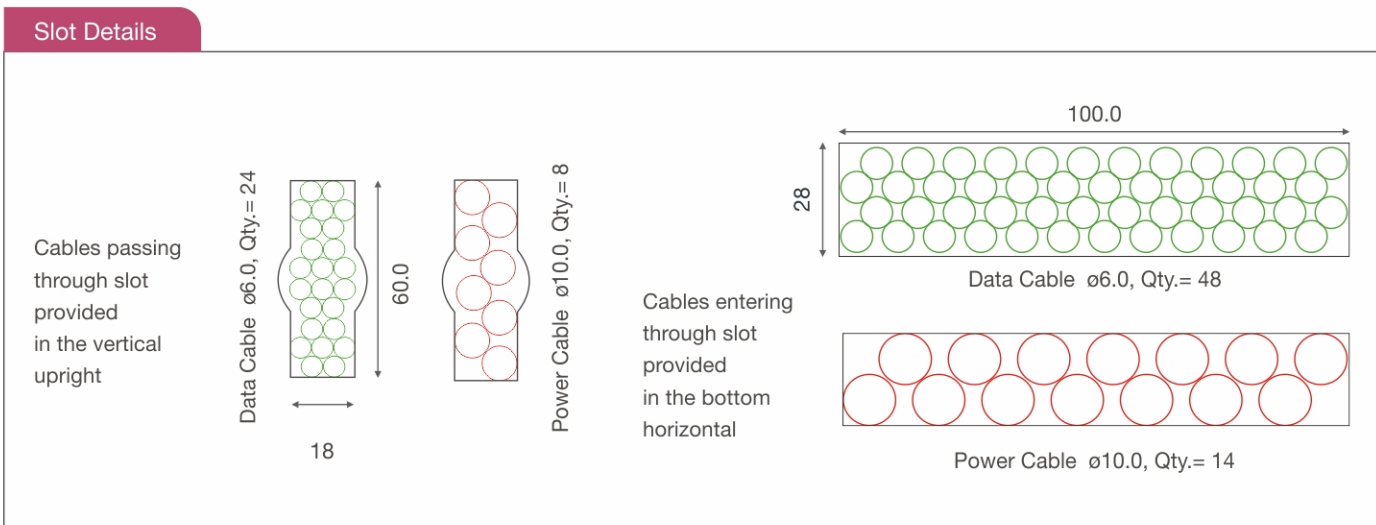

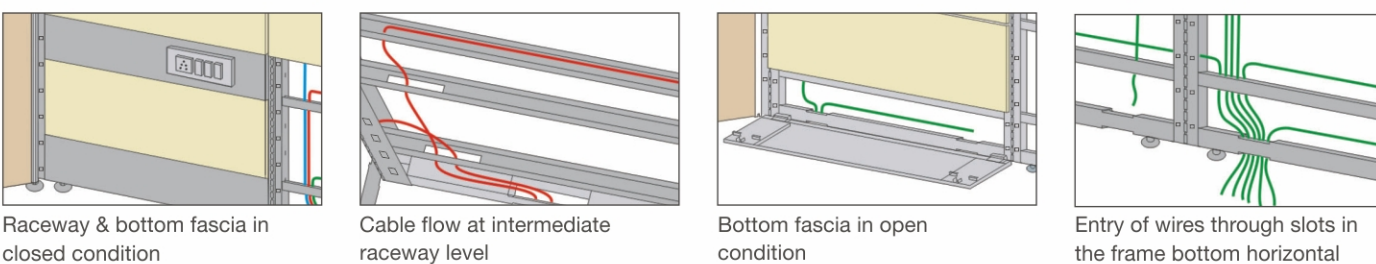

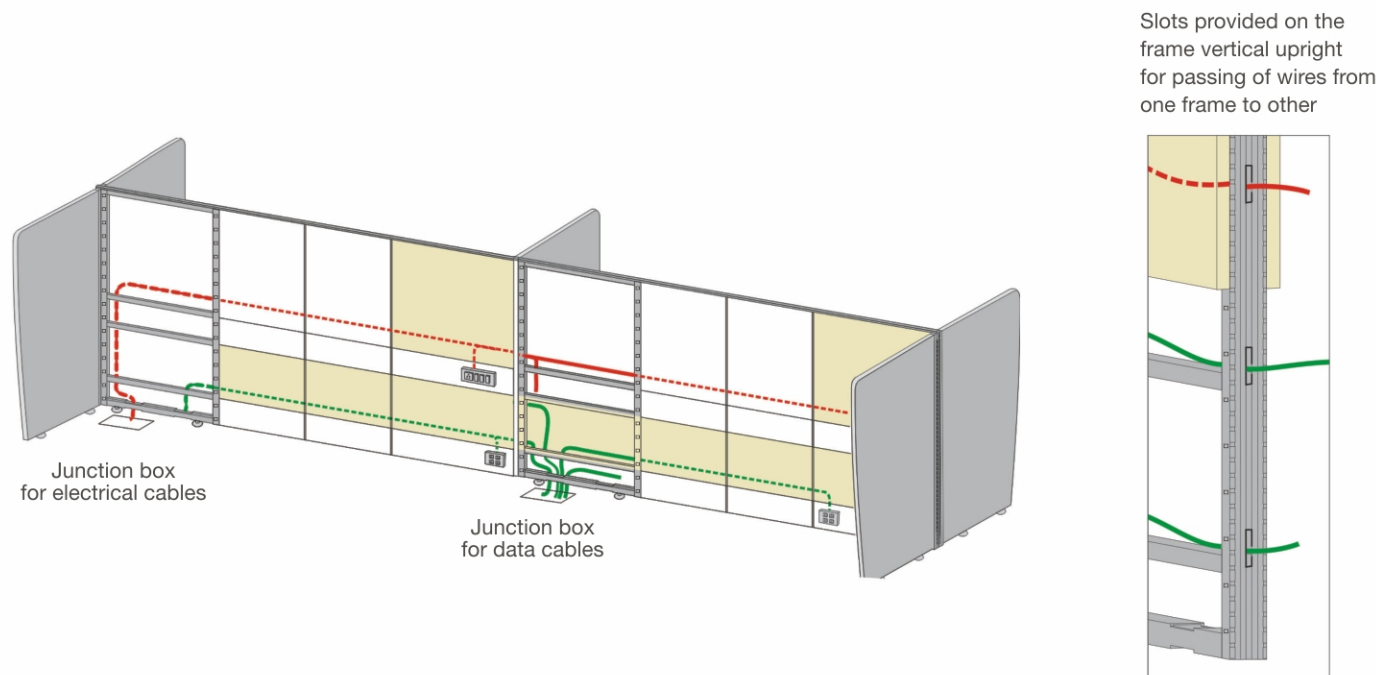

We also have a range of cabin modules that can add just the right touch of smartness to your cabin.
