OPTIMAL USE OF **WALL SPACE**

Put your free wall space to better storage use

Today for every corporate, space is the leading concern due to high per sq. ft. cost. Designing workplaces that hold more and do more are becoming the need of the hour.

So what's the most logical solution to the space problem? Smart storage ideas that make the optimum utilization of every bit of space. Be it Floor-to-Ceiling vertical space or Wall-to-Wall horizontal space. Storage ideas that make optimal use of every available space without letting any of it go to waste. That's what makes GAIN the perfect product that will ensure optimal utilization of space within your establishment at no extra cost.

UTILIZE ALL YOUR **WALL SPACE;** LIBERATE YOUR WORKPLACE

FEATURES

- Gain uses floor-to-ceiling vertical wall space optimally as it is comprised of overhead storage unit (OHSU) for extra storage space.
- The shelved cabinets made up for main and add-on units allow you to use the full width of the available wall-to-wall horizontal space in your premises.
- Widths ranging from 400 mm upto 1000 mm allow you the flexibility to use small as well as large spaces optimally.
- A selection of wood or metal doors adds to the aesthetic appeal of GAIN.
- Adjustable shelves allow you to create your preferred internal space size for your individual requirements.

ONE INNOVATIVE PRODUCT; **THREE INTUITIVE** USES.

Finally, here's a storage that's intuitively built to satisfy your unspoken needs of active, anticipated and archival storage. Things needing quick and regular access can be stored at the bottom while those for the purpose of archival storage can be stored at the top. And what's more is that with the main and add-on concept, it takes care of all your anticipated storage needs. Thus, you have all three storage needs taken care of by one innovative solution.
